Taking part? Then be recognised as a Super Supporter

If your business or organisation is participating in this year's Swimathon, make sure you are recognised with a Super Supporter award that highlights your fundraising achievements to support the local community.

The Skipton Swimathon Committee has chosen to support Les Bourgs Hospice as this year's beneficiary.

Les Bourgs Hospice supports people with a range of complex needs, as well as their families. Its care extends beyond end-of-life support and includes respite, symptom control, pain management and well being support. The hospice is entirely reliant on fundraising support and does not receive funding from the States of Guernsey. All Bailiwick residents are able to come to the hospice as an in-patient as well as for respite or day care and there is no charge for the services provided.

The Awards are divided into four categories based on the amount of funds raised by each organisation. Four levels of Accreditation Rosette have been created in recognition of these efforts.

The Rosette icon will be supplied to you after the event and may be used in email footers, website, print media, advertising and social media posts.

The Accreditation Rosette icons may also be requested via our website: www.swimathon.org/contact

The Swimarathon's proud history

The Lions Club of Guernsey, Guernsey Round Table and Variety Club of Guernsey formed the very first Swimarathon organising committee under the chairmanship of Harry Bisson in 1977. The proceeds from the event were to be shared equally by the clubs, but importantly could only be spent locally in Guernsey.

At the first Swimarathon 186 teams swam over a period of 34 one-hour sessions. This proved to be a very successful event – both socially and financially. It was started by the Bailiff Sir John Loveridge at 5pm on the Friday and finished at 10pm on the Sunday. Just over 1,000 people took part and the magnificent sum of £19,900 was raised.

Over succeeding years Guernsey's Swimarathon has gone from strength to strength and become the island's greatest community fund raising event and fun has been the essential quality upon which its success has prospered. The Skipton Swimarathon is very close to having raised over £2 million since inception in 1977, and it is hoped the Guernsey public will, once again, donate generously for another excellent cause.

Many Swimarathon traditions have been established, including the challenge of swimming for trophies. Children swim on a distance basis and adults on money raised. Trophy categories include Banks, Hotels, Pubs, Garages, Accountants, Churches, Schools and Clubs.

In 2010, Skipton International became our partnering sponsor, with the event now officially known as the Skipton Swimarathon.
